## Steps:

1) Upload garments.csv

2) Create a directory named 'train' and upload all images from attached train folder

3) Create a directory named 'test' and upload all images from attached test folder

The structure should look like the following:

Enclosed with Submission:

- ./garments.csv
- ./train (containing 200 images)
- ./test (containing 26 images)
- ./instructions.pdf
- ./Amit_Kumar_Singh.ipynb
